

**NRMN**  
National Research Mentoring Network

Supported by the NIH

## Mentoring to Diversify the Biomedical Workforce

### PROFESSIONAL DEVELOPMENT

NRMN grant-writing programs are designed to help researchers currently planning or working on a grant proposal develop professional skills to:

- Master grant proposal basics
- Prepare grant submissions
- Accelerate success in obtaining grant funding

### VIRTUAL MENTORING

The NRMN Virtual Mentoring Program is a four-month experience with regular, guided interactions between mentors and mentees at a distance. The virtual mentoring experience will help mentors and mentees:

- Develop meaningful mentoring relationships beyond their own institutions
- Work closely and regularly with another person who is navigating a career path in science
- Navigate conversations critical to the success of diverse scholars

### RESEARCH RESOURCES

- Find funding opportunities and fellowships
- Learn modern research methods from leading experts through online lectures
- Participate in live online discussion panels
- Discover opportunities for participation in upcoming scientific meetings and events.
- Tap into exciting research in collaboration with diverse scientists from across the U.S.
- Establish a network of professional support

### IMPROVING MENTORING RELATIONSHIPS

NRMN's evidence-based training programs are designed to help mentors and mentees engage in productive, culturally responsive mentoring relationships. Programs focus on:

- Mentor and mentee training across career stages
- Train-the-trainer workshops
- Career coaching
